The Board of Directors of Rovsing A/S ("**Rovsing**" or the "**Company**") has resolved to exercise the authorisation in Article 5.2.1 of the Company's Articles of Association to initiate a fully guaranteed rights issue with subscription rights for the Company's Existing Shareholders. Background for the Offering and use of net proceeds

The net proceeds from the Offering shall be used to strengthen the Company's capital structure and financial flexibility. A strong capital structure is a prerequisite for winning contracts with large customers and space agencies, who require key suppliers to be financially robust for the duration of space missions.

The Company expects to allocate net proceeds to: (i) strengthen the balance sheet, including debt reduction and conversion of debt to equity, (ii) strengthen working capital, including further investments in a larger inventory, (iii) continued investments in growth initiatives, including organic growth and inorganic growth under the Company's buy-and-build strategy.

The Company has flexibility in the use of the net proceeds and may choose to use the net proceeds differently than described above considering circumstances that give rise to a reassessment of the use of the Company's proceeds.

Exemption Document

Guidance for 2025/2026

On 22 December 2025, Rovsing A/S revised its guidance for the financial year 2025/26 (1 July 2025 – 30 June 2026) as follows:

- Revenue in the range of DKK 33 to 37 million (previously: DKK 37 to 41 million)
- EBITDA in the range of DKK -2.5 to 0.5 million (previously: DKK 1.0 to 3.0 million).

The revised guidance reflects higher-than-budgeted efforts to complete ongoing projects, a delayed service-based project pending customer input, and one-off effects of DKK 2.5 million related to project impacts and the definitive closure of the Company's activities in Kourou. Management has initiated mitigating actions, but the full effect of the recovery is not expected to materialise until the next financial year, supported by increasing tender activity and the record EUR 22.3 billion commitment approved at the ESA Ministerial Council in November 2025.

About the Company

In connection with the Offering, existing shareholder and Member of the Board, Kim Brangstrup, has notified the Company that he wishes to exercise his convertible loan note dated 8 February 2024 (see company announcement no. 363-2024) to convert debt into shares in the Company. Pursuant to the terms of the convertible loan note, the conversion may take place at the same conversion rate as the subscription price applicable to the Offering. Further terms and conditions of the Offering

The Offering comprises the issuance of 346,522 New Shares at a nominal value of DKK 10 per share with Subscription Rights for the Company's Existing Shareholders registered as shareholders in Euronext Securities (VP Securities A/S) at the time of allocation of Subscription Rights on 6 May 2026 at 17:59. Prior to the Offering, the Company's share capital amounts to a nominal value of DKK 7,402,970.00 (corresponding to 740,297 shares at a nominal value of DKK 10 per share). Following the Offering, the Company's share capital will amount to a nominal value of DKK 10,868,190.00 distributed across a total of 1,086,819 shares.

The New Shares are freely negotiable securities with no restrictions on transferability.

Subscription Price: The Subscription Price is DKK 30.00 per share at a nominal value of DKK 10.

Subscription ratio in the rights issue: The New Shares are offered with Subscription Rights for Existing Shareholders. Each Existing Shareholder will be allocated twenty-two (22) Subscription Rights for each one (1) existing share held by the relevant shareholder at the time of allocation of Subscription Rights on 6 May 2026 at 17:59. Forty-seven (47) Subscription Rights are required to subscribe for one (1) New Share in Rovsing A/S.

As described above, a number of investors have wished to support the Company's rights issue by providing pre-commitments to subscribe for New Shares through the exercise of allocated Subscription Rights or by providing guarantees to subscribe for Remaining Shares, thereby securing the subscription of 346,522 New Shares in the Offering. In the event of oversubscription, Remaining Shares will be allocated as described under "Subscription for Remaining Shares."

Trading in Subscription Rights: The Subscription Rights will be admitted to trading on Nasdaq Copenhagen under ISIN code DK0064982136. The trading period for Subscription Rights runs from 7 May 2026 at 09:00 to 22 May 2026 at 17:00. Subscription Rights not exercised within the Subscription Period will lose their validity and value, and holders of such Subscription Rights are not entitled to compensation.

Subscription Period: The Subscription Period for subscribing for New Shares through the exercise of Subscription Rights runs from 11 May 2026 at 09:00 to 27 May 2026 at 17:00. Please note that the deadline for exercising Subscription Rights depends on your own account-holding bank and may be prior to 27 May.

Subscription for Remaining Shares: Remaining Shares, i.e. New Shares that have not been subscribed for through the exercise of Subscription Rights prior to the expiry of the Subscription Period, may, without compensation to holders of unexercised Subscription Rights, be subscribed for by Existing Shareholders or new investors who, prior to the expiry of the Subscription Period, have committed to subscribe for Remaining Shares pursuant to binding subscription commitments or by use of the subscription form on the Company's website.

In the event of oversubscription of Remaining Shares pursuant to subscription commitments or the subscription form, Remaining Shares will be allocated according to an allocation principle determined by the Company's Board of Directors.

Subscription via submission of subscription form without Subscription Rights: The subscription form should be submitted to the investor's own account-holding bank during the Subscription Period. For an order to be binding, the submitted order must be registered in the account-holding bank's trading system, or the completed and signed subscription form with name and address must be submitted to the investor's own account-holding bank in sufficient time for the investor's own account-holding bank to process and forward the order so that it is received by Jyske Bank no later than 27 May 2026 at 17:00.

Payment and delivery of New Shares: Upon exercise of Subscription Rights, the holder of Subscription Rights must pay DKK 30.0 (the Subscription Price) per New Share at a nominal value of DKK 10 to be subscribed for, and forty-seven (47) Subscription Rights must be used to subscribe for one (1) New Share.

Payment for the New Shares must be made at the time of subscription (no later than the end of the Subscription Period on 27 May 2026, at 17.00.) against delivery of temporary New Shares to the investor's account with Euronext Securities under the temporary ISIN code DK0064982219. The New Shares issued under the temporary ISIN code DK0064982219 will not be admitted to trading on Nasdaq First North under the temporary ISIN code as the temporary ISIN code is registered with Euronext Securities solely for the purpose of subscribing for the New Shares.

Holders of Subscription Rights must comply with the account agreement with their Danish account holding financial institution or other financial intermediaries through which they hold

shares. Financial intermediaries through which a holder holds Subscription Rights may require payment at an earlier date during the Subscription Period.

Unless otherwise agreed, Euronext Securities or the account holding financial institution will send a notice to the account holder specifying the number of New Shares subscribed for and the subscription amount.

Admission to trading: The trading period for Subscription Rights commences on 7 May at 09:00 and closes on 22 May 2026 at 17:00.

The New Shares will not be admitted to trading on Nasdaq Copenhagen under the temporary ISIN code.

Following registration of the capital increase with the Danish Business Authority, which is expected to take place on 2 June, the temporary ISIN code will be merged with the existing ISIN code for the Company's existing shares under ISIN code DK0061152170 in Euronext Securities (VP Securities A/S). The merger of the temporary ISIN code and the existing ISIN code is expected to be completed on 8 June 2026.

The New Shares are expected to be admitted to trading on Nasdaq Copenhagen under the existing ISIN code on 4 June 2026.

Withdrawal of the Offering: The Offering is conditional upon no events occurring prior to registration of the capital increase with the Danish Business Authority that, in Management's judgement, would make completion of the Offering inadvisable. Should such events occur, the Offering will be withdrawn. If the Offering is not completed, none of the submitted subscriptions for New Shares will be accepted and no New Shares will be issued.

However, trades in New Shares made prior to the time of withdrawal will not be affected. The subscription amount for New Shares will be refunded (less any transaction costs to the investor's own account-holding bank) to the last registered owner of the New Shares at the time of withdrawal. This means that investors who have acquired New Shares may suffer a loss corresponding to the difference between the purchase price and the subscription amount for the New Shares plus any transaction costs.

If the Offering is not completed, all exercises of Subscription Rights will be automatically cancelled and the subscription amount (less any transaction costs to the investor's own account-holding bank) will be refunded to the last registered owner of the New Shares at the time of withdrawal. However, trades in Subscription Rights made prior to the time of withdrawal will not be affected. This entails that investors who have acquired Subscription Rights will suffer a loss corresponding to the purchase price for the Subscription Rights plus any transaction costs. Trading in Subscription Rights and/or New Shares prior to completion of the Offering takes place at the investor's own risk. Any withdrawal of the Offering will in such case be announced immediately via Nasdaq Copenhagen.

Rights: If, in the period from publication of this announcement of the Offering and until the expiry of the Subscription Period, material changes occur that give the Company reason to publish information thereon in a supplement to this announcement (a "Supplement"), investors who have submitted an order to subscribe for New Shares in the Offering prior to the publication of the Supplement will have two trading days following publication of the Supplement to

withdraw their subscription order. If an investor does not withdraw their subscription order, the subscription order will remain valid and binding.
